Users' voices

- ★ After surgery for a brain tumour, I had a headache and discomfort when using a mobile phone. But when I put Bhadoo))) on my head, it went away. (female)
- ★ When I put a mobile phone to my ear and talk on the phone, my ear immediately became hot and my head started to make an unpleasant metallic sound. After applying two sheets for mobile phones, I was able to talk easily. (Mr K,40s,)
- ★ After talking on the mobile phone for 10 seconds, I felt a bad feeling behind my ears and wanted to hang up as soon as possible, When I put Bhadoo))) on, I can talk for about one minute. Maybe it would be better to put two of them on in my case. (Mr I,30s,)
- ★ When I held my mobile phone in my hand and waited for my friend to text me, my hand always felt heavy and tired. When I put on the mobile phone, the feeling changed completely and the sluggishness disappeared. When I talk for a long time, I used to have a bad feeling in my ears and head, but that has also disappeared. (Mr K,20s)
- ★ My mobile phone is old and the silent mode doesn't work and I was thinking of replacing it, but when I put the mobile phone sticker on it, it started working. (Mr H,50s)
- ★ When I put my phone near the landline phone on my desk, there was an unpleasant sound. When I put the Bhado on the back of the phone and placed the phone near the landline phone, the quality of the electromagnetic waves generated by the phone was improved and the unpleasant sound disappeared. (Mr H,20s,)
